Recent Developments

The following is a summary of developments since January 1, 2006.

On January 3, 2008, the Corporation received 2.4 million Limited Partnership Units of Brookfield Infrastructure Partners L.P. through a special dividend on its Brookfield Class A Shares with a value at the time of \$50.1 million.

On August 21, 2008, the Corporation received approval from the Toronto Stock Exchange (“TSX”) for its proposed normal course issuer bid to purchase up to 3,670,000 Common Shares, representing approximately 10% of the public float of its currently outstanding Common Shares. The bid commenced on August 23, 2009. As of the date of this Annual Information Form 32,200 Common Shares have been purchased under this bid.

On August 21, 2007, the Corporation received approval from the TSX for its proposed normal course issuer bid to purchase up to 3,670,000 Common Shares, representing approximately 10% of the public float of its currently outstanding Common Shares. The bid commenced on August 23, 2007 and expired on August 22, 2008. No shares were purchased under this bid.

On June 1, 2007, Brookfield split its outstanding Class A Shares on a three-for-two basis. The split was implemented by way of a stock dividend whereby shareholders, including BAM Investments, received one-half of a Class A Share for each Class A Share held. All stock information on the Class A Shares in this Annual Information Form for prior periods has been adjusted to reflect this stock split.

On May 31, 2007, the Corporation completed a ten-for-one stock split of its Common Shares through a stock dividend of nine Common Shares for each outstanding Common Share of record on May 27, 2007. All stock information in this Annual Information Form prior to May 31, 2007 has been adjusted to reflect this stock split.

On March 31, 2007, the Corporation redeemed its 23 Series V Preference Shares for \$5.75 million. As a result, the Corporation does not at present have any preference shares outstanding.

On January 10, 2007, the Corporation repurchased its 1,965,384 Series II Preferred Shares for \$65 million.

On December 29, 2006, the Corporation announced an amendment to its financial statements to record securities purchased from a shareholder in 2006 and 2004 at an amount equal to the book value of the shares in the accounts of the vendor as opposed to an amount equal to the transaction value established at the time, which is the basis on which the statements were initially filed, because it was determined that the change in ownership was not substantive. The amendment to the financial statements required conforming changes to the book value of Common Shares issued as consideration for the securities purchased, as well as amounts recorded in respect of future tax items. The changes are detailed in the amended financial statements available on SEDAR at www.sedar.com.

On December 20, 2006, the Corporation announced it had agreed to a private placement of \$193.2 million principal amount of 25-year debentures due January 2032 exchangeable into 5,301,000 Class A Shares (or 3,534,000 on a pre-split basis) of Brookfield (the "Exchangeable Debentures"). As security for the Exchangeable Debentures, the Corporation agreed to pledge 5,301,000 Class A Shares of Brookfield to the holders of the Exchangeable Debentures. In a separate transaction, BAM Split agreed to issue 8,000,000 Class AA Preferred Shares, Series 3, to a syndicate of underwriters for proceeds (net of issue costs) of approximately \$193 million, which were used to acquire 5,301,000 Class A Shares. Both of these transactions (together the "2007 Transaction") closed on January 10, 2007, following which the Corporation held 60,767,228 Class A Shares. On January 30, 2009, the Corporation redeemed all of the Exchangeable Debentures which were issued in 2007 and the redemption price was satisfied entirely by the delivery of 5,301,000 Class A Limited Voting Shares of Brookfield.

On August 18, 2006, the Corporation received approval from the TSX for its proposed normal course issuer bid to purchase up to 3,666,000 (366,000 on a pre-split basis) Common Shares, representing approximately 10% of the public float of its currently outstanding Common Shares. The bid commenced on August 23, 2006 and expired on August 22, 2007. No Common Shares were purchased under this bid.

On July 21, 2006, the Corporation purchased 15,744,727 Class A Shares from Partners Limited ("Partners") for consideration consisting of a \$72 million 6% promissory note of the Corporation due June 30, 2011 and 25,079,730 Common Shares of the Corporation issued to Partners (the "2006

Transaction”). As a result, the Corporation’s effective interest in Brookfield increased to 55,466,228 Class A Shares. The promissory note was repaid in January 2007.

On July 5, 2006, the Corporation changed its name from BNN Investments Ltd. to BAM Investments Corp. to reflect the new ticker symbol, BAM, of its major investment, Brookfield.

On April 4, 2006, Brookfield split its outstanding Class A Shares on a three-for-two basis. The split was implemented by way of a stock dividend whereby shareholders, including BAM Investments, received one-half of a Class A Share for each Class A Share held.

Under the Corporation’s normal course issuer bid which commenced on August 23, 2005 and expired on August 22, 2006, the Corporation repurchased and cancelled 50,000 Common Shares at an average price per share of \$9.39 through the facilities of the TSX (5,000 Common Shares at \$93.92 per share, respectively, on a pre-split basis.)

As at February 28, 2009, the issued and outstanding share capital consisted of 79,384,710 Common Shares and no Preferred Shares.

Common Shares

Priority

The Common Shares rank junior to the Preferred Shares with respect to payment of dividends (other than stock dividends) and in the distribution of assets in the event of a dissolution, liquidation or winding-up of the Corporation, or any other distribution of the assets of the Corporation for the purpose of winding-up its affairs. After payment to the holders of the Preferred Shares, the holders of the Common Shares are entitled to receive the remaining property of the Corporation on dissolution, liquidation or winding-up.

Voting

The Common Shares are entitled to receive notice of and to attend and to cast one (1) vote for each Common Share held at all meetings of the shareholders of the Corporation, other than a meeting at which only the holders of any other specified class or series are entitled to notice, to attend or to vote, as the case may be.

Preferred Shares

Priority Dividends

With respect to the payment of dividends, the Preferred Shares of each series are entitled to preference over the Common Shares and over any other shares of the Corporation ranking junior to the Preferred Shares.

Parity of Series

The Preferred Shares of each series rank on a *pari passu* basis with all other Preferred Shares with respect to the payment of dividends and distribution of assets in the event of the liquidation, dissolution or winding-up of the Corporation. However, in case such assets are insufficient to fully pay the amount due on all the Preferred Shares, then such assets shall be applied, firstly, to the payment equally and rateably of an amount equal to the redemption price and the premium payable thereon, if any, and, secondly, *pro rata* in the payment of accrued and unpaid cumulative dividends and declared but unpaid non-cumulative dividends.

Approval

Any approval to be given by the holders of Preferred Shares as a class or of any series thereof, as the case may be, shall be deemed to have been sufficiently given if it shall have been given in writing by the holders of at least 66 $\frac{2}{3}$ % of the outstanding Preferred Shares or any series thereof or by a resolution passed at a meeting of holders of Preferred Shares or any series thereof duly called and held at which the holders of at least a majority of the outstanding Preferred Shares or any series thereof are present or are represented by proxy and carried by the affirmative vote of not less than 66 $\frac{2}{3}$ % of the votes cast at such meeting or, if no quorum is present at such meeting, at an adjourned meeting at which the holders of Preferred Shares then present would form the quorum.

Brookfield controls all of the voting and 99% of the non-voting shares of ARCL. ARCL has corrected the filing deficiencies that led to the management cease trade orders and has made application to the relevant provincial securities regulatory authorities to have the management cease trade orders, which are still in effect, lifted.

^(d) Mr. Kress was appointed President of the Corporation on March 26, 2009.

All of the above named directors were elected at the Annual Meeting of Shareholders held May 13, 2008 to serve as directors of the Corporation until the next annual meeting of shareholders or until their successors are elected or appointed.

All of the directors and officers of BAM Investments have held their present business occupations throughout the past five years, except as follows. Prior to September 2005, Mr. Frank Lochan was Executive Vice-President, Taxation, for Brookfield. Mr. Derek Gorgi was appointed to his current position in August 2007, prior to which he was and continues to be Manager, Finance and Control at Brookfield. Prior to October 2006, Mr. Gorgi held various positions with Deloitte and Touche, LLP, (“Deloitte & Touche”) most recently as Manager, Assurance and Advisory. Ms. Loretta Corso was appointed to her current position in May 2003, prior to which she was and continues to be Assistant Secretary at Brookfield.

The directors and executive officers of BAM Investments, as a group, beneficially own, control or direct, directly or indirectly, both individually and through *pro rata* interests in Partners Limited, approximately 5.0 million Common Shares of BAM Investments, representing 6.3% of the Common Shares of the Corporation.

Risk Factors

The following are risk factors relating to an investment in the and Common Shares of the Corporation.

Fluctuations in Value of Investments

The value of Common Shares may vary according to the value of the Class A Shares. The value of the Class A Shares may be influenced by factors not within the control of the Corporation, including the financial performance of Brookfield, interest rates and other financial market conditions. As a result, the net asset value of the Corporation may vary from time to time.

The future value of the Common Shares will be largely dependent on the value of the securities of Brookfield (held directly and through the Corporation’s ownership of BAM Split). A material adverse change in the business, financial conditions or results of operation of Brookfield will have a material adverse effect on the Common Shares of the Corporation. In addition, the Corporation may incur additional financial leverage in order to acquire, directly or indirectly, additional securities issued by Brookfield, which would increase both the financial leverage of the Corporation and the dependency of the future value of the Common Shares on the value of Brookfield securities.

Foreign Currency Exposure

Brookfield reports its results in United States dollars. Accordingly, the value of the Class A Shares may vary from time to time with fluctuations in the exchange rate between Canadian and United States dollars. Also, Brookfield declares dividends in United States dollars, which are then converted to Canadian dollars for distribution to Canadian shareholders, including the Corporation. Strengthening of the Canadian dollar relative to the United States dollar could reduce the amount of cash available to the Corporation.

Leverage

The Corporation’s assets are financed almost entirely with the retractable preferred shares issued by BAM Split. This results in financial leverage that will increase the sensitivity of the value of the Common Shares to changes in the values of the assets owned by the Corporation. A decrease in the value of the Corporation’s investments may have a material adverse effect on the Corporation’s business and financial conditions.

Limitations on Liquidity of Class A Shares of Brookfield

While the Corporation's policy is to hold the Class A Shares of Brookfield and not engage in trading, there may be circumstances in which such Class A Shares will have to be sold, including to fund retractions and redemptions of Preferred Shares or Common Shares. The Corporation's ability to sell a substantial portion of the Class A Shares may be limited by resale restrictions under applicable securities laws that will affect when or to whom the Class A Shares may be sold. Accordingly, if and when the Corporation is required to sell Class A Shares, the liquidity of such Class A Shares may be limited. This could affect the time it takes to sell the Class A Shares and the price obtained by the Corporation for the Class A Shares sold and in turn the retraction price of the Preferred Shares and Common Shares.

No Ownership Interest

An investment in Common Shares does not constitute an investment in the Class A Shares held by the Corporation. Holders of Common Shares do not own the Class A Shares held by the Corporation or have any voting rights in respect of such Class A Shares.

Interest of Management and Others in Material Transactions

Partners own 49% of the Common Shares. Partners is an investment holding company having approximately 40 shareholders, with no one shareholder holding more than approximately a 20% effective equity interest in Partners. Officers and directors of Brookfield own all of the outstanding shares of Partners. Shareholders of Partners own an additional 41% of the Common Shares. However, none of the officers and directors of Partners and none of the persons who own 10% or more of the outstanding shares of Partners owns, directly or indirectly, any of the Corporation's outstanding shares other than their indirect interest in the shares currently owned by Partners.

Material Contracts

The subscription agreement entered into in connection with the 2007 Transaction and the Exchangeable Debentures may be considered a material contract of the Corporation. Particulars on this transaction are set out under Recent Developments on page 2 of this Annual Information Form.

Transfer Agent and Registrar

The transfer agent and registrar for the Corporation's Common Shares is CIBC Mellon Trust Company, P.O. Box 7010, Adelaide Street Postal Station, Toronto, Ontario, M5C 2W9.

External Auditor, Fees and Services

The external auditor of the Corporation is Deloitte & Touche LLP, Chartered Accountants, Suite 1400, Brookfield Place, 181 Bay Street, Toronto, Ontario, M5J 2V1. Deloitte & Touche is independent of the Corporation in accordance with the Rules of Professional Conduct of the Institute of Chartered Accountants of Ontario.

The following table provides information about the aggregate fees billed to the Corporation and its consolidated subsidiary for professional services rendered by Deloitte & Touche during 2008 and 2007:

<i>Years ended December 31 (thousands)</i>	2008	2007
Audit fees	\$ 74	\$ 107
Audit-related fees	—	—
Tax fees	—	—
All other fees ^(a)	20	103
	\$ 94	\$ 210

(a) For services provided in 2007 in relation to prospectus filings and 2008 in response to a comment letter from the Ontario Securities Commission respectively.

Audit services include services that would normally be provided by the external auditor in connection with statutory and regulatory filings or engagements, including fees for services to perform an audit or review in accordance with generally accepted auditing standards. This category also includes services that generally only the external auditor reasonably can provide, including comfort letters, statutory audits, attest services, consents and assistance with and review of certain documents filed with securities regulatory authorities.

During 2007, Deloitte and Touche also performed other services for the Corporation and its subsidiaries, BAM Split, in relation to prospectus filings.

During 2008 and 2007, Deloitte & Touche performed no other services for the Corporation, including any audit-related services or tax services.

The Audit Committee is also responsible for reviewing the Corporation's quarterly and annual financial statements prior to their approval by the full board.
